Who said that?

Language in Focus: Global Sustainability looks at development and the future of the world from a wide range of viewpoints. In the radio series, you will hear a number of different views of what makes ‘sustainable development’. Can you match the definition with the speaker?

a) Global sustainability really makes us realise that we have to contribute to the overall wellness of the planet. We can’t just look after ourselves, or our families or our own country. We now realise that we are all interconnected and we really have to sustain the planet as a whole.

b) We believe that companies should be interested in sustainability and we specialise in sustainable and responsible investment. For example, if a company cannot guarantee that it is doing everything it possibly can to make sure that the working conditions for the people who make the goods that it sells are acceptable, then we will not invest in that company.

c) If you come to Ethiopia you will see that forests have been cut down and swamps have been drained. And this has upset the whole environmental pattern and we now have problems with drought. Good stewardship of the environment – taking care of the land – is critical to sustainability, not only for growth but for the good of our societies here on earth.

Learning English board game

Do you enjoy playing board games? Here is one you can play which can also help you test your English. You can play this game with 2 or more players.

**You need:** a dice, a copy of the game and a counter for each player. (You can use coins, buttons or pieces of coloured paper as counters.)

**Instructions**
- Decide who will play first. The first player rolls the dice to find out where to move his counter. **Start** is square 1.
- If you land on a **Name 3**... square, you must answer the question correctly to stay on the square. If you cannot **Name 3**..., you must go back 2 squares.
- If you land on a **Watch Out!** or **Well Done!** square, you must follow the instructions on that square.
- The winner is the first person to reach the **End** square.

If you enjoyed playing **Name 3**... why not make up other questions so you can play it again with friends? Or listen to **Where To Next?** – a new BBC World Service radio and web based ‘board’ game for learners of English. Only if listeners send in the correct answers to the clues does the virtual journey around the world move on! Starts September 2003.
